MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 30 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and causes baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

BOMBS THROWN FROM CAR.

Two bombs were dropped from the windows of a southbound Third avenue New York elevated train at 8:30 o'clock last night into a crowd of about 200 members of the Associated United Plumbers, Local No. 480, in front of Teutonia Hall, 158 Third avenue. Six union plumbers of Lodge 480 were lacerated, though not seriously, by the explosion of the bombs.

After the smoke or the explosion had cleared away and police reserves from the east Twenty second street station, had arrived on the scene, President William Thompson, of Local 480, sought out Police Captain Hussey, who was making an investigation of the bomb throwing. "I am convinced that a member of Local No. 2 of the Plumbers' Union did the trick," said President Thompson.

Shortly after 8 o'clock last night the members of Local No. 480 began to gather in front of Teutonia Hall on Third avenue near Sixth street, in anticipation of an important meeting of the union, which was to be held there. President Thompson had met President Frank Gartland, of Local No. 2, the rival union, with whom there had been intermittent warfare for sometime, in the afternoon, and the two had come to a decision on the difference between the two union lodges. It was upon this that President Thompson was to report. The members of Local No 480 were waiting for the Silverworkers of America Branch No. 1 to vacate Teutonia Hall before going into session.

As a southbound elevated train passed by overhead a black object was seen to fall to the street near the curb and right in the midst of one segment of the crowd of union men. There was a flash and a heavy explosion. Out of the heavy white cloud of smoke three men groped their way to the saloon door, three others lay prone on the cobbles.

Police Captain Hussey made a search of the vicinity for a possible clue to the perpetrator of the attempted wholesale assassination, but found none. Two men said that they had seen an arm stretched out of the window of the elevated train as it was going past, and had seen the package of bombs dropped There were two explosions, one following the other almost simultaneously.

Captain Hussey picked up some burnt paper, such as that wrapped about giant torpedoes, but no other fragments of the bomb could be found. He said that it was his belief that corded bombs, steeped in nitroglycerine, such as Italian bomb-throwers favor, had been the instruments used.

Dowie Deposed.

Judge Landis, of the United States District Court in Chicago, gave his decision yesterday in the controversy between the adherents of John Alexander Dowie and Wilbur G. Voliva over the property of Zion City.

The court holds that Zion city and its industries do not belong to Dowie; that while the contributors of the funds did not express a formal declaration of trust, a trust was created, and Dowie had no right to treat the property as his own.

The court refused to appoint Alexander Granger receiver, for the reason that Granger made a vow recognizing Dowie as "a messenger of the Covenant, the prophet foretold by Moses, and Elijah the Restorer," to which vow "all family ties and obligations and all relations to human governments shall be held subordinate." The court said he was not obliged to repose confidence in a man so constituted that, living in this republic, he would serenely vow his readiness at all times to abandon his family and betray his country.

The court ordered an election on the third Tuesday of September of a general overseer, all members of the church residing in Zion City, male and female, to have one vote. He announced that suitable provision would be made for Dowie on account of his services as trustee.

The effect of the decision is to place the industrial affairs of Zion City in the hands of the court, through the agency of John C. Hately, who was appointed receiver, with bond at $25,000, while the church's spiritual matters will come under the supervision of the overseer to be elected in September.

Claims against Dowie are now claims against the receiver. The adjudication in the bankruptcy proceedings against Dowie was set aside.

Terrorism in Russia.

Developments indicate that the tide of terrorism has set in strongly in Russia. Eight men were found dead yesterday in the workingmen's quarters in St. Petersburg. They had been stabbed or beaten to death. Investigation developed that the men were spies in the employ of the government; that they had been spotted by revolutionists and speedily removed.

Reports were current in St. Petersburg yesterday afternoon that assassinations in Poland and elsewhere are growing to startling figures.

Dozens of persons were arrested in Moscow Thursday night while attempting to placard the walls of the city with the address to the people drawn up at Viborg, Finland, July 23 by the members of the outlawed parliament.

Strikers in Lodz yesterday burned Woydysiawski's factory, involving a loss of about $40,000. The estate of M. Falkowski was plundered. The spirit of disorder is abroad. Many small incidents of violence are reported, some of them seemingly merely the result of private vengeance and other robberies by persons pretending to be revolutionists.

Twelve armed men entered a printing office at Yaroslav after midnight Thursday and compelled the compositors to set up and the printers to print 50,000 copies of the parliamentary address to the country, as well as a number of proclamations issued by the socialists.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JULY 28, 1906.

ACCORDING to the reports from Oyster Bay the President has taken charge of the republican congressional campaign and is quite optimistic about the result. The committee has hinted that it must have money as a necessary part of republican politics. From whom can Mr. Roosevelt collect funds to elect a republican Congress? It would be useless to call on the life insurance companies now, as in the last campaign, for the policy-holders are watching the management of these institutions much closer than in 1904. The President has evidence collected by the Bureau of Corporations against many trusts, that if followed up by the Department of Justice, would convict those corporations. Will they "come down" to prevent publicity? The natural resource for republican campaign funds is the protected interests and monopolists that are sheltered by the tariff. But they would undoubtly require a promise of "no meddling with the tariff". Will President Roosevelt agree to "stand pat?" That is the question.

THE LAST fiscal year shows a balance of trade in favor of the United States of $540,941,163, after allowing for exports and imports of the precious metals. The year previous the balance was $461,857,605. These vast sums would seem to be a clear gift by the people of the United States to foreign nations, for there has been no reciprocal return as far as the government statisticians have been able to discover. Why does this country apparently give Europe over $500,000,000 a year more than it receives? That is a disputed question. It is quite possible that the government statistics are colored to prove it sells more than it buys. This great drain has been going on for years and these huge balances would seem to represent an invisible debt accruing against the United States on account of interest charges and travelers' expenditures rather than an accumulation of foreign credits in favor of this country.

THE Panama Canal Commission has elected J. B. Bishop as secretary of the commission at a salary of $10,000 a year. It would seem that this should recompense this favorite of President Roosevelt for the refusal of the Senate to confirm his appointment as a member of the commission, the salaries of the commissioners being $7,500. It will be remembered that the appointment of Mr. Bishop as "press agent" with a salary of $10,000 aroused a great deal of criticism and Congress abolished the "press agent" office. Why the secretary of the commission should receive $2,500 a year more than the commissioners is still a matter of mystery and open to the charge of paying extra and exorbitant salaries to presidential favorites.

THE Pennsylvania State pomologist issues a timely warning against the consumption of unwholesome fruit, which he rightly regards as a prolific source of disease and which is applicable to all the other States. But it is discouraging to learn that in "every city and town in the State" fruit is displayed for sale which is "unfit to be given to respectable hogs." After the meat, poultry and fish exposures, the tales of cold storage eggs, doctored milk, renovated butter and bread made in unsanitary bakeshops, must we be confronted with "unripe, wormy, knotty, fungus-covered, immature fruit"? Is there nothing we can eat without suspicion but the breakfast foods?

A FRENCH anarchist who has inherited a million francs has become a confirmed believer in the rights of private property. If only some one would bequeath a like sum to all socialist leaders it would doubtless be followed by a like result.

THEY are swearing in special police and special constables and deputy sheriffs in Iowa in preparation for the republican State convention. The republican machine, Secretary Shaw and the railroads will do anything to beat Cummins.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, July 28.

Brigadier General Samuel S. Mills, chief of artillery, United States army, will be placed on the retired list on his own application because of ill health, on October 1, next. He will be succeeded as chief of artillery by Col. Arthur Murray, artillery corps. Several other changes in the artillery corps of the army are scheduled to take place in the fall. Col. R. D. Potts, who has been in command of the post at Fort Monroe, Va., has been ordered to duty as a member of the army general staff corps, but it is understood that he will be made a brigadier general in September. He will be succeeded in command of Fort Monroe by Lieutenant-Colonel Harrison, artillery corps.

Patrick H. Cogan, president of the District Construction Company of this city, now building the $1,500,000 Connecticut Avenue bridge, appeared in the police court this morning in answer to a summons issued yesterday, upon information filed by the United States District Attorney, for alleged violation of the federal eight hour law. A jury trial was demanded by the defendant and a bond of $500 fixed for appearance when the case is called to trial. The Penn Construction Company, of Penn., now engaged in the erection of several bridges in the District, will be served with a summons this afternoon for appearance Monday to answer to alleged eight hour violations. It will ask for a jury trial. In all likelihood both cases will go over until September.

It was officially announced at the bureau of immigration and naturalization of the Department of Commerce and Labor today that the immigration to the United States for the fiscal year ending June 30, 1906, was 1,100,073. During the preceding year there were admitted 1,026,499. The number debarred during the year just closed was 12,433 as compared with 11,480 in the preceding year.

Strong feeling against the United States still exists in Colombia, according to a statement United States Minister John Barrett has just made to the State Department in reference to conditions in the South American republic. The Colombians have not forgotten the part the United States played in the Panama revolution. He does not anticipate any hostile act on the part of Colombia in her treatment of the United States or Americans as individuals.

DECLARED UNCONSTITUTIONAL.

The State Corporation Commission, sitting in its judicial capacity, in Richmond, yesterday declared the Churchman 2- cent rate law unconstitutional and of no effect. This announcement was made in deciding the suit of the commonwealth against the Atlantic Coast Line Railway, brought to enforce the law.

It is declared to be in contravention, specifically, of the fourteenth amendment to the federal constitution. In concluding its decision the corporation commission said:

"We conclude that the statue before us is in conflict with the Constitution of the United States, and is, therefore, void, and we have no authority to punish the defendant company for failure to comply with its terms. We are greatly strengthened in this conclusion by a convincing opinion delivered several days ago upon this question by the learned judge of the Corporation Court of Staunton, in which he reaches a similar result. As the conclusion already reached forces us to take no further proceedings in this matter, and so disposes of the whose case, it is unnecessary for us to pass upon the other question raised by the the defendant company.

"The entire lawmaking power of the people of Virginia is vested in their representatives constituting our General Assembly, subject only to such limitations as may be placed upon it by the constitution of the State. Whether the provisions of the constitution relative to the powers and authority of this commission and vesting in the commission the legislative power to make rates in the commission are so worded as to exclude the General Assembly from exercising its legislative power in that respect is a question which it is needless for the commission to pass upon, unless it is so presented as to render its adjudication absolutely essential to the decision of the case. An order will be entered dismissing this proceeding for the reasons herein stated."

Attorney General Anderson, asked if he intended to appeal from the decision of the commission, said: "I will institute proceedings for an appeal as soon as we can have the record copied, and that will be as soon as possible. We will have the matter before the Supreme Court for its consideration at the September session."

Cloudburst at Winchester.

A cloudburst which occurred back of Winchester about 2 o'clock yesterday afternoon caused the greatest flood ever known in the central portion of the town. In one hour two and three-quarter inches of rain fell in Winchester. Water street, one of the principal thoroughfares, became a raging torrent, the stream being three feet deep in the lower section, running into the store rooms and doing considerable damage.

Several hundred dollars' worth of lumber was washed from lumber yards, porches were swept away, and in the lower end of Winchester the water ran into the second floors of several small houses. At the sumac mills $500 loss was sustained.

In the residential section the water ran in on lower floors, ruining hundreds of dollars' worth of carpets. Tons of macadam were washed from the streets and piled in drifts down town. Entire sidewalks were torn up.

Water in the Western Union Telegraph office was three feet deep.

Lightning yesterday afternoon struck and destroyed the barn,, with contents, of Bud Chapman, at Vaucluse. The loss is several thousand dollars.

Expelled from Union.

Alderman Daniel Herlihy, of Chicago, was a member in good standing of the Steam Engineers' Union until Thursday night. Now he is an outcast from that labor organization, and for a strange reason. He was expelled from the union because a few weeks ago he introduced into the city council a resolution calling upon the State legislature to make assaults upon women and girls punishable by death. The union, through the medium of a series of sharp resolutions, "deplored the outrages upon women and children," but declared that insane asylums and hospitals are the proper places for the weakminded persons who commit such assaults, and roundly berated Alderman Herlihy as a traitor to the trades union movement.

Former Postmaster General at Oyster Bay.

Oyster Bay, N. Y., July 28.—Former Postmaster General Charles Emory Smith, of Philadelphia, is talking politics with President Roosevelt this afternoon. Mr. Smith reached Oyster Bay on the 12:20 p. m. train. Beyond saying that he had come to take luncheon with the President and expected to discuss "a number of matters," Mr. Smith was uncommunicative.

The French Budget Committee considering the estimates for 1907, today struck out the estimates the salary of public executioner. It is regarded that this means the passing of the guillotine as a means of punishment in France.

News of the Day.

A pilgrimage of 129 Americans has arrived in Rome yesterday. They will be received by the Pope.

Mrs. Clagett, wife of State Senator William B. Clagett, died at Upper Marlboro, Md., Thursday night of paralysis.

Upton Sinclair, of Princeton, N. J., author of "The Jungle," was last night nominated by the socialists of Mercer, Hunterdon and Somerset counties for Congressman from the Fourth district.

After an all night session the democrats of the Sixth North Carolina congressional district yesterday nominated H. L. Godwin, of Harnet county, for congress on the 354th ballot. Mr. Godwin defeats G. B. Patterson, who has represented the district for the past four years.

Edward J. Walter, a merchandize broker of Baltimore, committed suicide yesterday at a sanitarium near Laurel, by hanging himself with the cord of his bath robe attached to a hook over the transom of his bedroom. Mr. Walter had been an inmate at the sanitarium for the past two months, suffering with nervous prostration.

Secretary of State Elihu Root arrived at Rio Janeiro yesterday and received an ovation, fully 100,000 people cheering him as he made his way along the streets to the Castle de Abeantes, where he will be lodged while in the city. The cruiser Charleston, bearing the secretary, entered the harbor at 8 o'clock yesterday morning. Salutes of 19 guns were exchanged with the harbor batteries.

While endeavoring to protect women passengers form the insults of some rowdies, two soldiers of the District of Columbia militia were severely stabbed and cut on a train of the Chesapeake Beach Railway last night. When the train reached Marlboro, Md., officials arrested Buck Talbert, twenty years old, of Bladensburg, and he was locked up in the Marlboro jail. Talbert is a train news agent and a son of Tobias Talbert, a police private of the Ninth precinct, Washington.

Charles Hale, the 13-year-old son of Dr. Hale, of Fredericksburg, Va., who several weeks ago left his home to visit an uncle, Captain Hale, at Table Rock, Neb., and who mysteriously disappeared from the home of his uncle, was picked up by the police of Omaha yesterday, and is being held at the police station pending the arrival of his father, who telephoned Chief of Police Donahue regarding his son. The boy says he did not like his uncle at Table Rock, and left his home on that account.

A tremendous electrical, rain, wind and hail storm broke over Cleveland yesterday afternoon, frightening horses, sending everybody on the streets to shelter and causing several accidents. Immense hailstones and a torrent of rain fell. The wind reached a maximum velocity of forty-two miles an hour. A number of runaways of horses frightened by the pelting hail were caused on the town streets, and were there many narrow escapes from serious injury. Lightning struck in several places, and one death was caused by a bolt which struck a city water work crib in Lake Erie.

Shot Engineer.

Pittsburg, July 28.—John Hollis walked into the engine room of the Riley mines of the Youghiogheny Coal Company at Willcock station, Wheeling branch of the Baltimore & Ohio Railroad two miles back of the Monongahela river, this morning about 12:30 o'clock and fired five shots into George Seifert, the engineer. A miner's torch was overturned igniting some oily waste and the tipple power house. The company's trestle and fifty yards of the Baltimore & Ohio trestle were destroyed causing a loss of $75,000, and for a time threatening the whole settlement of Willock. During the excitement incident to the fire Hollis escaped. Hollis, it is said, boarded with the Seifert family, and had a trivial quarrel with Seifert. Seifert will probably recover. While the power house was burning, one battery of boilers blew up and added to the excitement. About 250 miners are rendered idle.

Russell Sage's Will.

New York, July 28.—"In leaving his fortune to his wife, Russell Sage has left his great fortune to charity. She will distribute it." Dr. J. Carl Schmuck, who has for 18 years been the physician and close friend of the wealthiest woman in the world, made this statement in her behalf, and it is equivalent to a declaration of Mrs. Sage's intentions regarding the disposition of the vast fortune that her husband placed at her disposal. At the same time Dr. Schmuck estimated that rather than have the estate tied up by a contest, Mrs. Sage will offer what she considers a reasonable sum to the other heirs in addition to what they will receive under Mr. Sage's will It is not unlikely, therefore, that if Mrs. Sage is disposed to be liberal with the Sage heirs all litigation may be avoided.

Dead Body Walked 500 Feet?

Warren, Ohio, July 28.—Careful examination of the thicket where the body of Albert Kennedy, a rich merchant of Ellis, Kan., was found 500 feet from where the head had been discovered, has caused Dr. J. C. Jones to say that the headless body walked or wriggled the distance from the scene of the murder, which was evidently committed where the head was found.

Dr. Jones says the struggle with Kennedy's assailants so excited the nerves that the reflex action carried him that distance after life was extinct. The murder occurred six weeks ago, but, although Kennedy had been missing and his family was alarmed, no idea that he was murdered had been entertained.

Death of a Noted Lawyer.

Newport, R. I., July 28.—George Tucker Bispham, of Philadelphia, died suddenly this forenoon at his villa. He is survived by his widow and a son, George Tucker Bispham, jr., and a daughter, Mrs. Thomas McKean, who are summering at Newport. The deceased was 68 years old. He gained fame as a lawyer and as an author on legal subjects. Mr. Bispham was one of the solicitors of the Pennsylvania Railroad, and was professor of equity jurisprudence in the law department of the University of Pennsylvania.

Killed by Lightning.

Charlottesville, Va., July 28.—A bolt of lightning entered a window of the residence of W. W. Gay, of Albemarle county, yesterday, and struck Mrs. Gay and her brother, L. L. Christus, killing them instantly. W. W. Gay and two children were stunned by the shock, which almost completely wrecked the building.

Virginia News.

Mrs. Mary Elizabeth Lloyd, wife of the late John M. Lloyd, died at Dunn Loring, Fairfax county yesterday, aged 81 years.

Dr. T. M. Farish, formerly of Charlottesville, died in Lexington, Ky., Thursday night of paralysis, with which he was stricken that day.

Swept far from shore by a strong undertow at Virginia Beach yesterday afternoon, former Judge D. Tucker Brooke, of Norfolk, a candidate for Congress from the Second Virginia district; Charles B. Nelms, a real estate operator and underwriter, of Norfolk and Newport News; Miss Elizabeth Van Eaman, of Baltimore, and Miss Fannie Grandy, a member of a prominent Norfolk family, would have drowned but for a heroic rescue by their fellow-bathers, led by James Hume, of Portsmouth, who responded to their cries for help.

"Some of the Bush Meeting Attractions"

The editor of the Alexandria Gazette, whose excellent paper we regard as one of the best published in this State, has a habit now and then of indulging in a sanctum sermon, when the proper idea suggests itself, and generally they are to the point and above reproach. On Thursday last, however, he took as his subject "The Attractions of the Purcellville Bush Meeting," as they appeared in The Mirror last week, and seeks to draw a lesson between Christian and worldly things—or rather the mingling of the spiritual with the secular—and goes on to enumerate the various attractions in a way that would make it appear as if the tares were really choking the wheat.

Now, as we are the indirect cause of this sermon, we feel that it is our duty to defend the Purcellville Assembly from this and any similar attack, and we are sure our brother, if he knew the true spirit of this meeting, would have refrained from such criticism. To begin with they do not claim that all the days are strictly of a religious character, though all the services, with the exception of the entertainments at night, are opened with prayer, and a look into the records of all the "attractions" will show that their talents have always been used for good, and whose services are always in demand at the various Chautauqua meetings throughout the land Can such men as Oliver W. Stewart, Lou Beauchamp, Jas. W. Bodley and L. A. Coulter be classed among the tares? If so, we wonder where can be found the wheat? It is true they have not a reverend title, but their work for temperance and the cause of Christ is too well known to need any further comment from us. And can the sweet singing of the Meneley quartette, the Y. M. C. A., Quartette of Virginia and Miss Runals be constructed as a source of evil? Can the teachings of Mrs. Catherine Lente Stevenson, a noted W. C. T. U. worker, and those of the patriotic Capt. Hobson, ever be the cause of leading one astray? There are many others we might mention, but knowing the uplifting nature of all the "attractions" we do not see the necessity.

For three days Rev. John Brown will have charge of the evangelistic services, and the other "attractions" are in no way connected with these, and we are sure that instead of driving them out with a whip-cord, as the Gazette suggests, Christ will be found in the midst of them, fulfilling His promise of "where two or three are gathered together in My name, there will I be in the midst of them."

The officers of this association, and all its members, are a body of Christian men, banded together for the uplifting of their fellowmen, and we make the positive statement that not one cent of earning goes into their pockets. If a surplus remains it is immediately used for some improvement to make the next meeting a greater success.

If Brother Snowden, of the Gazette, would come among the good people of Loudoun, who make this meeting a success, feel the influence of their Christian spirit, enjoy the hospitality of their overflowing dinner baskets, and gaze upon the hosts of Loudoun's fair daughters, he would soon see that there are other "attractions" at the meeting in addition to those advertised.—[Loudoun Mirror.

[Regreting out inability to accept the kind invitation and accepting, to avoid discussion, all that is said above, the inquiry is still pertinent, Why a Chicago quartet, a female cornetist, a funny man, a comedian, a magician, &c., at a bush meeting? To a man outside of Loudoun county would it not appear that such people at such a meeting are there more to draw a crowd to be entertained in a worldly way than to save souls? Still we heartily wish the bush meeting success in every particular.]

Subdued by Ammonia.

It was learned yesterday that Thursday night when Sheriff Orear, of Cullman county, accompanied by several deputies, entered the jail at Birmingham, Ala., to secure John Williams, the aged condemned murderer of State Senator R. L. Hopp, who was to have been hanged at Cullman yesterday, Williams seized a section of iron pipe, which the prisoner had torn loose from the sewer connection in the cell, and threatened to kill the first man who attempted to enter.

Williams said he realized that removal from the Birmingham jail meant his death, and as he had to die anyway, he might just as well die on the spot as elsewhere. Not one of the officers dared to enter the cell. Finally a quantity of ammonia was secured and dashed on the prisoner through the bars. The fumes of the drug overcame him and the officers were able to handcuff him.

However, his resistance caused such a delay that the officers missed the night train on which they expected to take Williams to Cullman. This gave the condemned man's son Frank an opportunity to secure a writ of habeas corpus from Criminal Judge Weaver, who issued the writ at midnight, and ordered a hearing for yesterday to inquire into Williams' sanity. This writ served to stay the execution.

Troops slept on their arms all night, having been ordered by the Governor to accompany the sheriff and prisoner to Cullman to preserve order.

Today's Telegraphic News

Peasant Disorders Increasing.

St. Petersburg, July 28.—There are indications today that the peasant disorders which it was expected would follow the circulation of the manifesto of the dissolved Douma have begun in earnest. The latest advices show that agrarian disturbances are breaking out in many districts.

The government is manifesting greater alarm with the arrival of every fresh dispatch telling of disorders. The authorities fear that if the disorders spread much further, it will be necessary to employ artillery against the peasants, and map out a regular campaign for their subjection.

One of the new storm centres which are occurring is at Proskuro in the government of Podolia, southwestern Russia. The attempt of a detachment of dragoons to arrest a number of agitators there resulted in a pitched battle between the troopers and the inhabitants of the town. When the dragoons seized the agitators, the church bells were rung to sound a general alarm. The whole town gathered in response to this appeal and attacked the dragoons who were driven out of the city. The inhabitants have now formed a defense committee, and they declare they will fight the soldiers to the bitter end.

At several other points the peasants have begun to erect barricades and have issued proclamations saying they will defend their property with their lives.

Rioting has also occurred at the town of Ismail, in Bessarabia. Revolutionists marched through the streets of the town carrying red banners and shouting: "Down with the Czar!" All shops were closed owing to the prevailing disorder. A company of Cossacks has been sent to Ismail to restore order.

Odessa, Russia, July 28.—There has been further mutinying on the part of sailors of the Black Sea fleet, according to dispatches received here from Sevastopol. The sailors on two of the warships mutined, but the revolt was put down. The warships, however, have been declared out of commissions, and the crews have been scattered about at the various ports

St. Petersburg, July 28.—While the agrarian disturbances have increased, the government has met with obstacles in the formation of a cabinet which has greatly handicapped its efforts to establish itself firmly. Premier Stolypin, it is understood, has failed in his efforts to induce men of standing who would give credit to the ministry with the people to take positions in the cabinet.

St. Petersburg, July 28.— Premier Stolypen has issued special instructions to the police not to expel from the city the Jewish deputies to the former douma, who have remained here since the dissolution of the parliament. The Premier intended to order the former deputies to leave the city as it is illegal for Jew to reside in the capital.

Complaint Against U. S. Consul.

Berlin, July 28.—There is an outcry against the American Consul at Kehl, on the ground that in one of his consul reports published in Washington, and sent throughout the country, he stated that there were appalling adulterations of food in his region. The newspapers urge the government to demand the recall of the consul, whose report is a libel on Germany.

Washington, D. C. July 28.—The American Consul at Kehl is Joseph I Brittain, of Ohio. He has been at that post since 1902, and is regarded by the State Department as among the best officials in the foreign service. The matter referred to in this morning's cable from Berlin was given out for publication by the Bureau of Manufacturers last Wednesday evening. In the copy as furnished to the press the intimation was conveyed that Mr. Brittain's report on alleged food adulteration in Germany was the result, at least partially, of original research. The fact is, however, as revealed later in the daily official publication known as "Consul and Trade Reports," that Consul Brittain merely transmitted excerpts from German papers on the subject, one of which was the Strassburger Post. Nowhere in the report of the Consul does he give any information on his own authority. In view of this fact, it is not likely that the United States government will consider seriously the complaints made against Mr Brittain in Berlin.

Accident to a Flyer.

Greensburg, Pa., July 28.—Running sixty miles an hour, and on schedule time, the Pennsylvania Railroad eighteen hour New York and Chicago flyer, westbound train No. 29, dashed into a freight wreck that blocked all four tracks of the system a mile west of Blairsville intersection at 11:30 o'clock last night. Miraculously no one on the flyer was injured. About 11 o'clock a freight train had been wrecked owing to the breaking of an air hose, and the wreckage covered the tracks. The stop made by Engineer Corson is pronounced by railroad men on the scene the most remarkable ever made on the Pennsylvania. The pilot of the passenger train plunged into the wreckage, scattering it far and wide. The engine alone left the rails. The train arrived in Pittsburg three hours and 35 minutes late. The cars were scratched and the hand rails at the steps bent and twisted from contact with the wreckage which the train ploughed through.

Turkish Hostility to the United States.

Constantinople, July 28.—John G. A. Leishman, who was recently elevated to be United States Ambassador to Turkey, has sent the Sultan an autograph letter from President Roosevelt in regard to the raising of the former legation to an embassy. The Sultan, however, is resolved to do everything in his power to block the wishes of America in regard to establishing an embassy in his capital. He is giving the embassy incident all possible importance, believing he will gain great glory if he can defeat the desires of President Roosevelt. Abdul Hamid is taking extreme measures to show his displeasure with the United States. He directed what amounted to a public insult to Ambassador Leishman when he arrived at Constantinople this week. No representative of the Sultan met the ambassador at the railway station, an honor which is invariably shown to persons in the diplomatic service.

Charged with Assault.

Raleigh, N. C, July 28.—At Washington, N. C., this morning, a negro 30 years old was lodged in jail for criminally assaulting a 18 year old colored girl whom he met in a public road. He will be tried for his life. The girl identified him as her assailant

Borrowed $10,000,000.

New York, July 28.—At the office of the Union Pacific Railroad Company it was stated this morning that there was no statement to be made with respect to the reports which have been current for some days that the company has recently been a heavy borrower of money. The report that company has recently borrowed $10,000,000, at about 5½ per cent, is confirmed, however, in authoritative circles. It is intimated that the money was obtained for the purpose of buying the stock of at least one other company, and that a good guess would be to name the Southern Pacific, as that company. E. H. Harriman controls the Union Pacific.

Chauffeur Fined.

Windsor, Eng., July 28.—Mrs. Cornelius Vanderbilt's chauffeur, Ecquire by name, was fined fifty dollars in the police court today for furious driving on the Ascot road on June 23 The chief witness against the chauffeur was Lord Lonsdale. He testified that the Vanderbilt car passed him like lightning, nearly overturning his lordship's automobile. The chauffeur lamely defended himself, saying he thought Lord Lonsdale was eager for a race and that he started to give him a brush. Mrs. Vanderbilt, it is understood, was in the car when it was stopped by a "bobby," for exceeding the speed limit.

The Bomb Outrage.

New York, July 28.—A special force of detectives and police officers is at work today trying to run down the perpetrators of the bomb outrage committed in this city last night, when two bombs were thrown from the platform of a moving Third avenue elevated train into a group of members of local union, No. 480, of the Plumbers' and Gasfitters' Union. If necessary the endeavors of practically the whole police department will be called into service to locate the perpetrators of the outrage.

Shot by Special Officer.

New York, July 28.—While trying to escape from special officer Hoyt early this morning, a negro, believed to be the burglar who has pillaged a number of houses in the Brick Church portion of East Orange, was shot and seriously wounded. He was removed to the Memorial Hospital, where he refuses to give his name or any information about himself. The negro was shot shortly after the home of Trowbridge, a hardware merchant of 438 Broadway, New York, and who lives at 102 Park street, had been entered.

Thaw's Visitors.

New York, July 28.—Mr. and Mrs. George Carnegie, sister and brother-in-law of Harry Thaw, the murderer of Stanford White, and Mrs. Evelyn Nesbit Thaw were visitors at the Tombs this morning to see the prisoner. This was Carnegie's first visit to Thaw since his incarceration. Mrs. Thaw was dressed in white and wore a black sailor hat, her brown automobile veil and gloves. The gloves were the only change in her usual costume.

Arrival of Mr. Rockefeller and Party.

New York, July 28.—The steamer Amerika, which arrived today from Hamburg, Dover and Boulogne, brought John D. Rockefeller and party, who embarked at Dover. Mr. Rockefeller was not to be seen on his arrival at Quarantine. In the party was Mr. and Mrs. Rockefeller, Miss A. E. Turner, Miss W. W. Benjamin, Mr. Charles C. Heydt and Dr. H. F. Biggar.

Charges of Conspiracy and Forgery.

Pittsburg, July 28.—Acting upon insistent demands of leading local members of the bar, the District Attorney's office is prepared to cause the arrest on charges of conspiracy and forgery of two attorneys who have been actively identified with the collection of evidence which has been presented in the Hartje case. This announcement came from an authoritative source today.

Accused Dismissed.

Poughkeepsie, N. Y., July 28.—Fritz Constantine, held here for the murder of Mrs. Arthur Gentry in Chicago on January 6, was discharged from custody this morning The husband of the murdered woman and George W. Scott declared that the prisoner was not the man wanted.

New York Stock Market.

New York, July 28.—The most prominent features of the trading in the first hour were Amalgamated Copper and American Smelting, both of which were bought in large blocks by brokers. In the rest of the list the tone was firm to strong.

Boom Lots Sale.

A striking reminder of the madness that filled men's minds 16 years ago; of the blighted hopes, wrecked homes and shattered fortunes of those who expected to see the valley coverted into a vast manufacturing district, teeming with busy workmen, and who staked their all upon the realization of the dream, will be given at Lexington in October, when Rockbridge county will hold a bargain sale of its boom lots.

At least 4,000 separate parcels of land will be knocked down at auction to the highest bidder in front of the courthouse door, and the sale will last until all the lots are disposed of. These lots were bought in by the Commonwealth for taxes that were never paid. The lots are located principally about Buena Vista, Glasgow and Goshen.

Alexandria Day.

The committee of citizens with Mayor Paff have about completed the arrangements for Alexandria Day at Luna Park on Monday next. An enjoyable and interesting time is anticipated by old and young alike. The representation of the Custer massacre by the Alexandria Light Infantry and Osceola Tribe of Red Men will be one of the principal features of the occasion, while the appearance of the old Friendship fire engine on the ground and a demonstration of its utility as a fire extinguisher will be witnessed with interest. A percentage of the proceeds of the receipts of the park will be devoted to the Alexandria Hospital.

The committees will go to the grounds early in the day to receive and look after the comfort of picnic parties. Every attention will be given the children on this day. Beginning at 3:30 o'clock a series of amusement will be inaugurated, including a game of baseball, a sham battle, spectacular acts, &c, interspersed with band concerts. Thousands of tickets have been sold and the railroad company has canvassed every detail to insure comfort in travel.

The Red Men will meet at Armory Hall at 7:30 o'clock tomorrow night to make arrangements for visiting Luna Park. The tribe will meet again at the same place on Monday evening at 5 o'clock preparatory to leaving for the resort.

Excitement.

Considerable excitement was caused on Washington street, between Wolfe and Wilkes, shortly after twelve o'clock last night by an alarm which was sounded by a young man who alleged that burglars had entered the house in which he was sleeping. The young man has been sleeping in the house during the absence of the father and mother of the family for the purpose of protecting the young ladies. Last night he says he was awakened by a noise which he concluded was caused by burglars and he sounded an alarm. Officers Ferguson, Knight and Roberts responded. They searched the house but failed to find the robbers. The young man stated that several dollars had been taken from the pockets of his coat which was hanging in his room. When he first awoke he hastened to a telephone in the neighborhood and ordered a horse and buggy to be sent him at once that he might drive to the station house and inform the police, which he did.

Body Identified.

John F. Willett, eighteen years old, of Anacostia, D. C., was the youth killed Thursday night by a train at Bristow station near Manassas. Young Willett left his home Wednesday night saying he was going to look for some work on the railroad. He was the eldest of nine children and had been the main support of the family since his father was crippled three years ago." The father was inclined to blame drink for his son's death. When the boy left home the father said he was under the influence of liquor, and he feared his son had been indulging since he left home.

Friendship Meeting.

A well-attended meeting of the Friendship Veteran Fire Association was held last night. Final arrangements for participating in the celebration of Alexandria Day at Luna Park on Monday were completed. The old hand engine of the company will be taken to the park and a demonstration of the working of the apparatus will be given. A frame structure will be erected and set on fire, when the company will proceed to extinguish the flames. The company last night further discussed the arrangements for visiting Richmond in August.

Buoy Tender at Work.

The United States lighthouse tender Maple, which has been employed in working the buoys in the lower river, arrived and passed up the river a day or two ago and is employed in working the buoys between this city and Washington and in the channels in this vicinity. All the buoys are being repainted, and where necessary, they are being replaced with new spars. This repainting and replacing of damaged buoys is a part of the regular work of the lighthouse service every spring or summer.

Lights on Upper King Street.

People living on upper King street cannot understand why the county authorities stopped the Washington-Southern Railway Company from placing electric lights on the western portion of that thoroughfare. Mayor's Proclamation.

BY THE MAYOR OF THE CITY OF ALEXANDRIA, VIRGINIA.—A PROCLAMATION.

In compliance with an act of the City Council in regular session Tuesday, July 24, 1906, I, Fred. J. Paff, Mayor of the city of Alexandria, Va., do hereby proclaim a part of Monday July 30th, 1906, beginning at 3 p. m. a legal holiday in our city.

The object of this proclamation is to give our citizens an opportunity to assist in the very laudable cause of raising funds for the Alexandria Hospital a grand institution in which we are all interested and pardonably proud.

Wherefore, I do recommend that the part of the day above designated be observed throughout the city as fully as is consistent with good business policy, and that the people cessing from their daily labors hie themselves to Luna Park the management of which has designated this as Alexandria Day, and entered into an agreement whereby the aforesaid institution will be greatly benefited.

In witness whereof I have hereunto set my hand, and caused the seal of the City to be affixed.

Done at the city of Alexandria, Va., this twenty-sixth day of July, nineteen hundred and six. FRED J. PAFF, Mayor.

$25,000 Doctor's Bill.

Twenty-five thousand dollars for seven days' professional service is the bill sent to the Marshall Field estate by Dr. Frank Billings, who went from Chicago to New York when Mr. Field was ill of pneumonia last January.

This is at a rate approximating $3,572 a day, which is believed to be one of the largest fees ever charged by a physician in the United States where no surgical operation was performed.

Dr. Billings, through his counsel, Chas. L. Billings, filed his claim against the Field estate, together with the sworn bill for $25,000, with the clerk of the Probate Court, in Chicago, for adjudication and payment. This is the usual form required by law. The executors of the will have not come to a decision over allowing the claim, and gossip is that it may go to suit.

There is no reference made in the statement filed of expenses during the physician's visit to New York, and it is supposed these were included in the bills rendered by the management of the hotel at which Mr. Field died.

The claim of Dr. Janeway, of New York, has not been filed, so far as can be ascertained.

Does evil still, your whole life fill?
Does woe betide?
Your thoughts abide on suicide?
You need a pill!

Now for prose and facts—DeWitt's Little Early Risers are the most pleasant and reliable pills known today. They never gripe. Sold by W. F. Creighton & Co., 401 King street.

Headless Body Found.

Much excitement prevailed yesterday at Levittsburg, near Warren, O., as a result of the finding of the headless body of a man in a berry patch. The head was later found in a nearby bayfield. In the pockets were found letters showing that the man was Albert Kennedy, of Ellis, Mo. He had recently been living at Mantua, where a brother now resides. Kennedy in known to have had $800 just before his death. Only 75 cents and a silver watch were found in the pockets of the dead man. Kennedy went West a few days ago to sell his farm, and he intended to bring his daughter back to Ohio with him. If his daughter accompanied him she disappeared. The police have taken steps to find if the girl accompanied her father, and, if so, to learn what has become of her. Kennedy was last seen in Kansas City on June 26. It is supposed that he was inveigled away from the station at Leavittsburg, where he was to have changed cars, and then killed for his money. Kennedy was a temperate, quiet man of about 50.

Beats The Music Cure.

"To keep the body in tune," writes Mrs. Mary Brown, 20 Lafayette Place, Poughkeepsie, N. Y. "I take Dr. King's New Life Pills. They are the most reliable and pleasant laxative I have found." Best for the Stomach, Liver and Bowels. Guaranteed by E. S. Leadbeater and Sons' druggists, 25c.

KEEP YOUR SHOULDER TO THE WHEEL.

The big round dollar wheel—roll it along—roll as many as possible into the SAVINGS DEPARTMENT of this strong corporation where they will work day and night for you, earning 3 PER CENT. INTEREST compounded. Desiring to give the best possible advice we most earnestly advise you to save. Place yourself in a position to take advantage of a good opportunity when offered. To do this you must first of all deny yourself (not those dependant upon you) and SAVE MONEY. Little by little, but steadily see the account increase and some day you will look upon the amount accumulated and be able to say you actually saved that money AND SAVED IT OUT OF YOURSELF. You should then watch for the opportunities that are offered in this day of extraordinary commercial and other developments and invest the fund wisely and cautiously. Think this over today—ONE DOLLAR will start you—so why not begin at once. We invite you to call and talk this matter over with our officials.
